

Classic Faith

Faith & her mum Rigoletto, at one week old

Faith at 9 months

Classic Faith was bred by Angela Tiede at Clarkefield, Victoria. She was born on 11 August 2016 and is just commencing her early education with trotting out in hand and exploring the arena and roundyard.

Faith's mother is Newhaven Rigoletto, a foundation Waler mare from Newhaven Station, northwest of Alice Springs (sire and dam unknown). Foundation Walers were rescued from the mid 1980s from old Waler breeding stations known to have no modern breed of horse introduced since 1948, the last year of the Waler export trade.

Faith's father is Classic Ezekiel, a Waler stallion bred by Ben & Jacqui Kindblad and born at Clarkefield, from foundation Waler mare Newhaven Pearl (Newhaven Station, northwest of Alice Springs) and foundation Waler stallion Classic Dardanelle (Cordillo Downs Station, southeast of Birdsville).

Rigoletto & Ezekiel

Classic Faith is a big boned mare like her mother, with a distinctive and noble head carried high. She has a calm quiet nature and is already taller than the rest of the mob. She learns quickly and is inclined to stand and think, heavy breathing while she takes in new experiences. She enjoys being around people and is always first to come up in the paddock to enquire of visitors – seeking food and entertainment, just like her dad!
